For the drawing room, Philip Mitchell put the focus on an eclectic mix of art. These personality-packed pieces, including a sculpture by David Duncan (<http://davidduncanantiques.com>), a photo of Lee Radziwill by Mark Shaw (<http://markshawphoto.com>), and a photo of tulips by Nancy Richardson (<http://www.nancyrichardsonstudio.com>), are held together by the expert architectural detailing of the space. He thinks his mother would be in her element entertaining in this space. *philipmitchelldesign.com* (<http://philipmitchelldesign.com>)
